This is a translation of the Hungarian Report

Independent Auditors' Report

To the Shareholders of ANY Biztonsági Nyomda Nyilvánosan Működő Részvénytársaság

Report on the audit of the consolidated financial statements

Opinion

We have audited the accompanying 2017 consolidated financial statements of ANY Biztonsági Nyomda Nyilvánosan Működő Részvénytársaság ("the Company") and its subsidiaries (altogether "the Group"), which comprise the consolidated statement of financial position as at 31 December 2017 - showing a balance sheet total of HUF 17,672,853 thousand and a total comprehensive income for the year of HUF 1,446,334 thousand -, the related consolidated statement of comprehensive income, consolidated statement of changes in equity, consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2017 and of its consolidated financial performance and its consolidated cash flows for the financial year then ended in accordance with International Financial Reporting Standards as adopted by the EU ("EU IFRSs") and has been prepared, in all material respects, in accordance with the supplementary requirements of Act C of 2000 on Accounting ("Hungarian Accounting Law") relevant for consolidated financial statements prepared in accordance with EU IFRSs.

Basis for opinion

We conducted our audit in accordance with Hungarian National Auditing Standards and with applicable laws and regulations in Hungary, including also Regulation (EU) No. 537/2014 of the European Parliament and of the Council of 16 April 2014 on specific requirements regarding statutory audit of public-interest entities ("Regulation (EU) No. 537/2014"). Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the consolidated financial statements" section of our report.

We are independent of the Group in accordance with the applicable ethical requirements according to relevant laws in effect in Hungary and the policy of the Chamber of Hungarian Auditors on the ethical rules and disciplinary proceedings and, concerning matters not regulated by any of these, with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

A member firm of Ernst & Young Global Limited

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the "Auditor's responsibilities for the audit of the consolidated financial statements section" of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Valuation of Goodwill

The Group's goodwill represents HUF 335.8 million, which is approximately 2% of total assets. Valuation of goodwill is a significant judgmental area. Management annually assesses if goodwill is impaired in accordance with EU IFRSs. This is a key audit matter as significant judgement is involved to determine if the goodwill is impaired.

Our audit procedures included, among others, evaluating assumptions and methodologies used by the Group to assess whether goodwill is impaired. We assessed the accuracy of key inputs used in the model, such as management's primary cash-flow assumptions, the applied discount- and growth rates. We reconciled the model to the approved business plan of the subsidiaries and also assessed historical accuracy of management's estimates. We assessed the compliance of the valuation method with EU IFRSs and the consistency of application compared to the prior year. We assessed the adequacy of the Group's disclosures about goodwill in accordance with EU IFRSs including information how the impairment is evaluated by the Group.

The Group's accounting policy and disclosures about its goodwill and related impairment are included Notes 2 and 8 to the consolidated financial statements.

Other matters

The consolidated financial statements as at 31 December 2016 were audited by another auditor who expressed an unmodified opinion on those consolidated financial statements on 6 March 2017.

Other information

Other information consists of the 2017 consolidated business report of the Group, which we obtained prior to the date of this auditor's report and the Annual Report of the Group, which is expected to be made available to us after that date. Management is responsible for the other information, including preparation of the consolidated business report in accordance with the Hungarian Accounting Law and other relevant legal requirements, if any. Our opinion on the consolidated financial statements does not cover the other information.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether 1) the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated and 2) the consolidated business report has been prepared in accordance with the Hungarian Accounting Law and other relevant legal requirements, if any.

Our opinion on the consolidated business report should include the information required according to Subsection (2) e) and f) of Section 95/B of the Hungarian Accounting Law and we are required to confirm also whether the information prescribed in Subsection (2) a)-d) and g)-h) of Section 95/B of the Hungarian Accounting Law have been made available and whether the consolidated business report includes the non-financial statement as required by Subsection (5) of Section 134 of the Hungarian Accounting Law.

In our opinion, the consolidated business report of the Group, including the information required according to Subsection (2) e) and f) of Section 95/B of the Hungarian Accounting Law for 2017 is consistent, in all material respects, with the 2017 consolidated financial statements of the Group and the relevant requirements of the Hungarian Accounting Law.

Since no other legal regulations prescribe for the Group further requirements with regard to its consolidated business report, we do not express opinion in this regard.

We also confirm that the Group have made available the information required according to Subsection (2) a)-d) and g)-h) of Section 95/B of the Hungarian Accounting Law and that the consolidated business report includes the non-financial statement as required by Subsection (5) of Section 134 of the Hungarian Accounting Law.

Further to the above, based on the knowledge we have obtained about the Group and its environment in the course of the audit we are required to report whether we have identified any material misstatement in the other information, and if so, the nature of the misstatement in question. We have nothing to report in this regard.

When we read the Annual Report of the Group, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the EU IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Hungarian National Auditing Standards and with applicable laws and regulations in Hungary, including also Regulation (EU) No. 537/2014 will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Hungarian National Auditing Standards and with applicable laws and regulations in Hungary, including also Regulation (EU) No. 537/2014, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters.

Report on other legal and regulatory requirements

Reporting requirements on content of auditor's report in compliance with Regulation (EU) No. 537/2014:

Appointment and Approval of Auditor

We were appointed as statutory auditor by the General Assembly of Shareholders of the Company on 6 April 2017. Total uninterrupted engagement period, including previous renewals (extension of the period for which we were originally appointed) and reappointments for the statutory auditor, has lasted for 1 year.

Consistency with Additional Report to Audit Committee

Our audit opinion on the consolidated financial statements expressed herein is consistent with the additional report to the audit committee of the Company, which we issued in accordance with Article 11 of the Regulation (EU) No. 537/2014 on the same date as the date of this report.

Non-audit Services

We declare that no prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No. 537/2014 were provided by us to the Company and its controlled undertakings and we remained independent from the Group in conducting the audit.

In addition to statutory audit services and services disclosed in the consolidated business report and in the consolidated financial statements, no other services were provided by us to the Company and its controlled undertakings.

The engagement partner on the audit resulting in this independent auditor's report is Zsuzsanna Bartha.

2 Significant accounting policies

Basis of preparation

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union (the "EU"). The Parent Company, ANY Security Printing company Plc. prepares its separate financial statements in accordance with International Financial Reporting Standards from January 1, 2017. Its domestic subsidiaries prepare their financial statements in accordance with Hungarian Accounting Law, while foreign subsidiaries prepare their financial statements according to accounting principles generally accepted in their own countries, that are adjusted in accordance with IFRS from the consolidation package through the consolidation process.

The consolidated financial statements are mainly prepared due to the regulations related to listed companies based on the accounting act, so it contains reclassifications and adjustments through which it complies with IFRS.

IFRS as adopted by the EU do not currently differ from IFRS as issued by the International Accounting Standards Board (IASB), except for portfolio hedge accounting under IAS 39 which has not been approved by the EU. The Company does not have any transactions which would qualify as a portfolio hedge.

The reporting currency of the Group is the Hungarian Forint ("HUF").

The consolidated financial statements have been prepared on the historical cost basis except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The principal accounting policies are set out below.

Financial Statements are prepared based on the assumption of going concern of the activity of the Group in the foreseeable future.

Basis of consolidation

The consolidated financial statements include the financial statements of ANY PLC and its subsidiaries after elimination of all intercompany transactions and balances, including unrealized intercompany profits. Subsidiaries are those companies in which one company of the Group has control over the subsidiary, so the company is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to effect those returns through its power over the subsidiary.

On acquisition, the assets and liabilities of a subsidiary are measured in the consolidated statements at their fair values at the date of acquisition. The interest of minority shareholders is stated at the minority's proportion of the fair values of the assets and liabilities recognized. Goodwill arising on consolidation represents the excess of the cost of acquisition over the Group's interest in the fair value of the identifiable net assets of a subsidiary at the date of acquisition. Goodwill is included as intangible in the balance sheet, to which impairment loss is calculated, if necessary. For the purpose of impairment test, the value of goodwill is allocated to those Cash Generating Units (hereinafter: CGU) of the Group that probably will have positive

All amounts in HUF thousands unless otherwise indicated.

effects from the synergies. Those CGU-s, to which goodwill is allocated are subject to goodwill impairment test annually or more often if circumstances indicate any loss in the value of the Unit. If the book value of the goodwill is higher than the fair value of the CGU, impairment loss is accounted on the goodwill. The impairment loss decreases mainly the value of the goodwill allocated on the CGU, then the remaining amount decreases the net book value of the CGU's other assets, in proportion of the book value of the assets. The goodwill impairment loss once accounted cannot be reversed in the future. On disposal of a subsidiary the attributable amount of goodwill is included in the determination of the profit or loss on disposal. The goodwill impairment calculation is based upon companies' budgets containing more financial years. Present value of net sales and earnings before interest, tax and depreciation are calculated to the date of year end, using the companies' expected net sales and earnings before interest, tax and depreciation ratio as a discount factor. Thus enterprise values are calculated by using the enterprise value based on the market share price effective on the date of preparing the financial statements and net sales ratio and by using the enterprise value based on the market share price effective on the date of preparing the financial statements and earnings before interest, tax and depreciation ratio of ANY Security Printing Company Plc as a listed company operating in the same sector, which are assessed by the Group in proportion of the ownership regarding the proportional equity and accounted goodwill of the given subsidiary.

The results of subsidiaries acquired or disposed during the year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate.

The transactions between the associated enterprises, including unrealized gains and losses as well as realized intra-group gains, were eliminated during consolidation.

The equity and net income attributable to minority interests are shown as separate items in the consolidated financial statements.

Cash and cash equivalents

Cash and cash equivalents include cash at bank in hand, balances of bank accounts and short-term deposits with an original maturity of three months or less and the risk of their impairment is not significant.

Consolidated statement of cash flows

For the cash flow statement the Cash and cash equivalents include cash and the value of bank deposits, as well as other short term (a term of three months or less at the time of their purchase) liquid investments, which may be immediately exchanged for the amount indicated on them, and their conversion does not come with the risk of a change in their value. Statement of cash-flow is prepared based upon the indirect cash-flow method.

Inventory

Inventory is stated at the lower of cost or net realizable value after making loss-in-value for any obsolete or slow moving items. Cost is determined at standard cost adjusted to actual purchase price at period end. For purchased inventories cost comprises purchase price, possible additional customs, delivery costs, non-refundable taxes and any other costs related to acquiring the inventory. For finished goods and work in progress, cost comprises direct materials, direct labour and an appropriate allocation of manufacturing fixed and variable overheads.

All amounts in HUF thousands unless otherwise indicated.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation. Freehold land is not depreciated. Depreciation is provided using the straight-line method at rates calculated to write off the cost of the asset over its expected economic useful life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The rates used are as follows:

Buildings	2% to 3%
Machinery and equipment	14.5 to 33%

At each balance sheet date, the Group reviews the carrying amount of its tangible and intangible assets to determine whether there is any indication in accordance with internal or external information that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the amount of such an impairment loss (if any). If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment loss is recognized as an expense immediately.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with infinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. Amortization is provided at rates between 16.7% and 33% per year.

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of intangible asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Goodwill

On acquisition, the assets and liabilities of a subsidiary are measured in the consolidated statements at their fair values at the date of acquisition. The interest of minority shareholders is stated at the minority's proportion of the fair values of the assets and liabilities recognized. Goodwill arising on consolidation represents the excess of the cost of acquisition over the Group's interest in the fair value of the identifiable net assets of a subsidiary at the date of acquisition. Goodwill is included as intangible in the balance sheet, to which impairment loss is calculated, if necessary. For the purpose of impairment test, the value of goodwill is allocated to those Cash Generating Units (hereinafter: CGU) of the Group that probably will have positive

All amounts in HUF thousands unless otherwise indicated.

effects from the synergies. Those CGU-s, to which goodwill is allocated are subject to goodwill impairment test annually or more often if circumstances indicate any loss in the value of the Unit. If the book value of the goodwill is higher than the fair value of the CGU, impairment loss is accounted on the goodwill. The impairment loss decreases mainly the value of the goodwill allocated on the CGU, then the remaining amount decreases the net book value of the CGU's other assets, in proportion of the book value of the assets. The goodwill impairment loss once accounted cannot be reversed in the future. On disposal of a subsidiary the attributable amount of goodwill is included in the determination of the profit or loss on disposal. The goodwill impairment calculation is based upon companies' budgets containing more financial years. Present value of net sales and earnings before interest, tax and depreciation are calculated to the date of year end, using the companies' expected net sales and earnings before interest, tax and depreciation ratio as a discount factor. Thus enterprise values are calculated by using the enterprise value based on the market share price effective on the date of preparing the financial statements and net sales ratio and by using the enterprise value based on the market share price effective on the date of preparing the financial statements and earnings before interest, tax and depreciation ratio of ANY Security Printing Company Plc as a listed company operating in the same sector, which are assessed by the Group in proportion of the ownership regarding the proportional equity and accounted goodwill of the given subsidiary.

Financial instruments

All financial assets are recognised and derecognised on trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss' (FVTPL), 'held-to-maturity' investments, 'available-for-sale' (AFS) financial assets and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Fair value of financial instruments

The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of financial instruments, consisting of cash, receivables, payables, and obligations under debt instruments, equal to their carrying values.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For listed and unlisted equity investments classified as AFS, a significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment.

For all other financial assets, including redeemable notes classified as AFS, objective evidence of impairment could include:

All amounts in HUF thousands unless otherwise indicated.

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 60 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

When an AFS financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the period.

With the exception of AFS equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

In respect of AFS equity securities, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as interest rate swaps, to hedge its interest rate risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract entered into and are subsequently remeasured at fair value. Derivative are carried as financial assets when the fair value is positive and as financial

All amounts in HUF thousands unless otherwise indicated.

liabilities when the fair value is negative. Any gain or losses arises from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash-flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item effects profit or loss.

Taxation

The amount of company tax is based on the taxation obligation defined according to the law on corporate income tax and dividend taxes, which is modified by the deferred tax.

Deferred taxes are calculated using the balance sheet liability method. Deferred taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Deferred tax assets and liabilities are measured using the tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be realized or settled. The measurement of deferred tax liabilities and deferred tax assets reflects the tax consequences that would follow from the manner in which the Group expects, at the balance sheet date, to realize or settle the carrying amount of its assets and liabilities. The conditions of netting deferred tax liabilities and deferred tax assets are met, as deferred tax arises only as deferred tax assets and deferred tax liabilities under the legislation of Hungarian tax authorities.

Deferred tax assets are recognized only if it is probable that sufficient taxable profits will be available against which the deferred tax assets can be utilized. At each balance sheet date, the Group re-assesses unrecognized deferred tax assets and the carrying amount of deferred tax assets. The Group recognizes a previously unrecognized deferred tax asset to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered. The Group conversely reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. The Company classifies the local taxes and innovation contribution to corporate tax in profit and loss statement based on IAS 12 requirement.

Treasury shares

Shares repurchased are included in shareholders' equity. Premiums and discounts arising on sale of treasury shares, and differences on repurchase, are credited or debited to retained earnings.

Revenue recognition

Revenue is recognized at the time goods are dispatched and services rendered by the Group, as this is the point at which the significant risks and rewards of ownership of the goods and services are transferred to the customer.

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue is separated into five different product segment by the Group. The management considers these product segments strategically important. These segments are monitored and these are the basis of evaluating the performance. However, classification of turnover by product segments do not mean that these products can be produced in a clearly separable way in terms of assets and liabilities. According to this preparation of segment reporting under IFRS 8 is not possible.

All amounts in HUF thousands unless otherwise indicated.

Dividend and interest revenue

Dividend revenue from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably). (Dividend realized within the Group will be eliminated during consolidation.)

Interest revenue is recognised when it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably. Interest revenue is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

The Group as lessee

Assets held under finance leases are initially recognised as assets of the Group (with similar rights and liabilities as the assets owned by the Group) at lower of present value of minimum lease payments or their fair value at the inception of the lease, and they are amortised during their economic useful life.

The principal is accounted as decrease of liability from the lease contract, while interest is accounted as an expense

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. In case when operative lease contract is cancelled before the contractual term is over, all the amounts paid to the lessor as a charge for cancelling the contract are recognised as an expense in the relevant period. Fixed assets mean the cover in Group's leasing transactions.

Provisions

The Group is involved in a low number of ongoing legal disputes. Based upon historical experience and expert reports, the Group assesses the developments in these cases, and the likelihood and the amount of potential financial losses which are appropriately provided for. The Group recognises provision in case when:

- an entity has a present obligation (legal or constructive) as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the amount of the obligation.

Contingent liabilities acquired in a business combination

Contingent liabilities acquired in a business combination are initially measured at fair value at the acquisition date. At the end of subsequent reporting periods, such contingent liabilities are measured at the higher of the amount that would be recognised in accordance with IAS 37 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation recognised in accordance with IAS 18 *Revenue*.

All amounts in HUF thousands unless otherwise indicated.

Government grants

Assistance by the government in the form of transfers of resources to an entity in return for past or future compliance with certain conditions relating to operating activities of the entity. Grants related to income should be recognised in the income statement on a systematic basis that matches them with the related.

Earnings per share

Basic earnings per share data is calculated based on the weighted average number of shares outstanding during the period excluding treasury held by the Company and employee shares. Fully diluted earnings per share is calculated based on the weighted average number of shares outstanding as calculated for basic earnings per share and as adjusted for giving effect to the assumed issuance of all potentially dilutive securities. Net income is adjusted in the fully diluted earnings per share calculation for any income or expense associated with the potentially dilutive securities.

Foreign currencies

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (HUF) are recorded at the rates of exchange prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the balance sheet date. Exchange differences are recognised in profit or loss in the period in which they arise.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations are expressed in Currency Units using exchange rates prevailing at the balance sheet date. Income and expense items are translated at the average exchange rates for the period.

From the foreign subsidiaries of the Group Zipper Services S.R.L. prepares (and Zipper Data SRL prepared until 2016) their financial statements in Romanian Lei, Tipo Direct SERV S.R.L. in Moldavian Lei, Direct Services O.O.D. in Bulgarian Leva, while Slovak Direct S.R.O. prepares its financial statement in EURO (presentational currency). The balances of foreign currency assets and liabilities of the foreign subsidiaries of the Group are retranslated at the relevant MNB (National Bank of Hungary) foreign exchange rate in the consolidated financial statements in the parent company's presentational currency (HUF), which is the functional currency of the Group at the same time. The details of the conversion have been presented in table 27 Risk Management.

The effect of adopting new and revised International Financial Reporting Standards effective from 1 January 2017

The following amendments to the existing standards and new interpretation issued by the International Accounting Standards Board (IASB) and adopted by the EU are effective for the current reporting period:

Amendments to IAS 7 "Statement of Cash Flows" - Disclosure Initiative – adopted by EU on 6 November 2017 (effective for annual periods beginning on or after 1 January 2017),

Amendments to IAS 12 "Income Taxes" - Recognition of Deferred Tax Assets for Unrealised Losses – adopted by EU on 6 November 2017 (effective for annual periods beginning on or after 1 January 2017),

All amounts in HUF thousands unless otherwise indicated.

Amendments to IFRS 12 due to “Improvements to IFRSs (cycle 2014-2016)” resulting from the annual improvement project of IFRS (IFRS 1, IFRS 12 and IAS 28) primarily with a view to removing inconsistencies and clarifying wording – adopted by the EU on 7 February 2018 (amendments to IFRS 12 are to be applied for annual periods beginning on or after 1 January 2017).

New and revised Standards and Interpretations issued by IASB and adopted by the EU but not yet effective

At the date of authorisation of these financial statements the following standards, amendments to the existing standards and interpretations issued by IASB and adopted by the EU were in issue but not yet effective:

IFRS 9 “Financial Instruments” - The standard is effective for annual periods beginning on or after 1 January 2018, with early application permitted. The final version of IFRS 9 Financial Instruments reflects all phases of the financial instruments project and replaces IAS 39 Financial Instruments: Recognition and Measurement and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting, IFRS 15 “Revenue from Contracts with Customers” and amendments to IFRS 15 “Effective date of IFRS 15” - The standard is effective for annual periods beginning on or after 1 January 2018. IFRS 15 establishes a five-step model that will apply to revenue earned from a contract with a customer (with limited exceptions), regardless of the type of revenue transaction or the industry. The standard’s requirements will also apply to the recognition and measurement of gains and losses on the sale of some nonfinancial assets that are not an output of the entity’s ordinary activities (e.g., sales of property, plant and equipment or intangibles). Extensive disclosures will be required, including disaggregation of total revenue; information about performance obligations; changes in contract asset and liability account balances between periods and key judgments and estimates,

IFRS 16 “Leases” – The standard is effective for annual periods beginning on or after 1 January 2019. IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract, i.e. the customer (‘lessee’) and the supplier (‘lessor’). The new standard requires lessees to recognize most leases on their financial statements. Lessees will have a single accounting model for all leases, with certain exemptions. Lessor accounting is substantially unchanged,

Amendments to IFRS 15 “Revenue from Contracts with Customers” - The Clarifications apply for annual periods beginning on or after 1 January 2018 with earlier application permitted. The objective of the Clarifications is to clarify the IASB’s intentions when developing the requirements in IFRS 15 Revenue from Contracts with Customers, particularly the accounting of identifying performance obligations amending the wording of the “separately identifiable” principle, of principal versus agent considerations including the assessment of whether an entity is a principal or an agent as well as applications of control principle and of licensing providing additional guidance for accounting of intellectual property and royalties. The Clarifications also provide additional practical expedients for entities that either apply IFRS 15 fully retrospectively or that elect to apply the modified retrospective approach.

Amendments to IFRS 1 and IAS 28 due to “Improvements to IFRSs (cycle 2014-2016)” resulting from the annual improvement project of IFRS (IFRS 1, IFRS 12 and IAS 28) primarily with a view to removing inconsistencies and clarifying wording – adopted by the EU on 7 February 2018 (amendments to IFRS 1 and IAS 28 are to be applied for annual periods beginning on or after 1

All amounts in HUF thousands unless otherwise indicated.

January 2018).

The adoption of the above presented Amendments and new Standards and Interpretations would have no significant impact on the consolidated financial statements in the period of initial application.

Standards and Interpretations issued by IASB but not yet adopted by the EU

IFRS 14 “Regulatory Deferral Accounts” (effective for annual periods beginning on or after 1 January 2016) - the European Commission has decided not to launch the endorsement process of this interim standard and to wait for the final standard,

IFRS 17 “Insurance Contracts” (effective for annual periods beginning on or after 1 January 2021),

Amendments to IFRS 2 “Share-based Payment” - Classification and Measurement of Share-based Payment Transactions (effective for annual periods beginning on or after 1 January 2018),

Amendments to IFRS 9 “Financial Instruments” - Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 January 2019),

Amendments to IFRS 10 “Consolidated Financial Statements” and IAS 28 “Investments in Associates and Joint Ventures” - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture and further amendments (effective date deferred indefinitely until the research project on the equity method has been concluded),

Amendments to IAS 19 “Employee Benefits” - Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019),

Amendments to IAS 28 “Investments in Associates and Joint Ventures” - Long-term Interests in Associates and Joint Ventures (effective for annual periods beginning on or after 1 January 2019),

Amendments to IAS 40 “Investment Property” - Transfers of Investment Property (effective for annual periods beginning on or after 1 January 2018),

Amendments to various standards due to “Improvements to IFRSs (cycle 2015-2017)” resulting from the annual improvement project of IFRS (IFRS 3, IFRS 11, IAS 12 and IAS 23) primarily with a view to removing inconsistencies and clarifying wording (effective for annual periods beginning on or after 1 January 2019)

IFRIC 22 “Foreign Currency Transactions and Advance Consideration” (effective for annual periods beginning on or after 1 January 2018),

IFRIC 23 “Uncertainty over Income Tax Treatments” (effective for annual periods beginning on or after 1 January 2019).

Hedge accounting regarding the portfolio of financial assets and liabilities, whose principles have not been adopted by the EU, remains unregulated.

According to the Group’s estimates, application of hedge accounting for the portfolio of financial assets or liabilities pursuant to IAS 39: “Financial Instruments: Recognition and Measurement”, would not significantly impact the consolidated financial statements, if applied as at the balance sheet date.

All amounts in HUF thousands unless otherwise indicated.

The adoption of the above presented Amendments and new Standards and Interpretations would have no significant impact on the consolidated financial statements in the period of initial application.

Critical accounting judgements and estimates by applying the accounting policy

The process of preparing financial statements in accordance with International Financial Reporting Standards requires the use of estimates and assumptions regarding the carrying amounts of assets and liabilities presented in the consolidated financial statements and the Notes.

Critical assumptions by applying the accounting policy

The Management of the Group had certain assumptions when applying the accounting policy, that can influence the carrying amounts of assets and liabilities presented in the consolidated financial statements (apart from the impact of the estimates. presented at the next point). These assumptions are presented in details in the Notes, but the most important ones are the following:

- The temporary differences calculated with deferred tax liabilities will reverse in the foreseeable future, and the corporate tax rate is 9%, which is effective from 1st January 2017.
- The outcome of certain contingent liabilities.
- Zipper Services Srl, and Direct Services Ood are subsidiaries of the Group although the Group only owns a 50% ownership interest in these companies. Based on the contractual arrangements between the Group and other investors, the Group has the power to appoint and remove the majority of the board of management of these companies that has the power to direct the relevant activities of these companies. Therefore, the management of the Company concluded that the Group has the practical ability to direct the relevant activities of these companies unilaterally and hence the Group has control over these companies.

Uncertainties in the estimates

The process of preparing consolidated financial statements in accordance with International Financial Reporting Standards requires the use of estimates and assumptions regarding the carrying amounts of assets and liabilities presented in the consolidated financial statements and the Notes. These estimates are based on the best knowledge of the Management, in spite of this actual results may differ from estimated amounts. These estimates are presented in details in the Notes, but the most important ones are the following:

- Determining the fair value of Financial Instruments
- Determining the economic useful life of fixed assets
- Calculating the impairment loss on fixed assets and goodwill
- Calculating provisions

All amounts in HUF thousands unless otherwise indicated.

3 Cash and bank

	December 31, 2017	December 31, 2016
Cash and cash equivalents	866,748	865,496
Total cash and cash equivalents:	866,748	865,496

4 Accounts receivables

	December 31, 2017	December 31, 2016
Trade receivables	4,664,229	3,458,599
<i>Allowance for doubtful debts</i>	(5,652)	(13,329)
Total:	4,658,577	3,445,270

The carrying value of trade receivables is fair value. Balance of trade debtors is HUF 4,659 million, which is HUF 1,214 million (35%) higher than at the end of 2016.

Movement of the allowance in doubtful debts is broken down below:

	December 31, 2017	December 31, 2016
Balance at the beginning of the year	13,329	42,045
Impairment losses recognised on receivables	4,473	5,996
Impairment losses reversed	(12,150)	(968)
Derecognition of receivables as uncollectable debt	-	(33,744)
Balance at the end of the year	5,652	13,329

All amounts in HUF thousands unless otherwise indicated.

5 Inventories

	December 31, 2017	December 31, 2016
Raw materials	1,947,564	1,310,396
Work in progress	594,174	623,156
Finished goods	528,086	436,517
Goods	42,936	41,933
<i>Cumulated loss in value for inventories</i>	(309,117)	(268,288)
Total:	2,803,643	2,143,714

The total amount of inventories is HUF 2,804 million, which increased by HUF 660 million (30.8%) compared to 31 December 2016. The amount of raw materials and consumables increased by HUF 637 million (49%) compared to the prior period, caused by the higher raw material needs of security products.

6 Other current assets and prepayments

	December 31, 2017	December 31, 2016
Prepayments	529,199	582,283
<i>Of which: revenue recognized but not invoiced</i>	340,610	428,806
<i>Of which: prepaid interest</i>	17,411	28,631
<i>Of which: rental fee of softwares</i>	48,945	31,189
Guarantee receivables	395,846	371,434
Advances paid	210,821	10,094
<i>Of which: advances paid for PP&E</i>	190,013	7,591
<i>Of which: other advances paid</i>	20,808	2,503
Employee loans	32,445	32,635
Other receivables	57,303	124,714
Total other current assets and prepayments:	1,225,614	1,121,160

	December 31, 2017	December 31, 2016
VAT receivable	123,328	85,905
Corporate income tax receivable	20,715	70,634
Other taxes receivable	25,605	21,608
Total current tax receivables	169,648	178,147

Year-end balance of current tax receivables is HUF 8 million lower than in previous period which caused by the HUF 37 million increase of VAT receivables, HUF 50 million decrease of corporate income tax receivables and the HUF 4 million increase of other tax receivables.

The significant increase in the amount of prepayments is caused by not invoiced items until preparation of balance sheet at the Romanian subsidiaries. Interest in employees loans are the same for each employee, Hungarian prime rate + 5%.

All amounts in HUF thousands unless otherwise indicated.

December 31, 2017	1,390,621	9,625,234	10,767	1,568,457	-	12,595,079
Net book value:						
January 1, 2016	458,660	2,677,872	-	341,429	279,679	3,757,640
December 31, 2016	3,247,812	3,440,449	-	496,389	45,056	7,229,706
December 31, 2017	3,253,950	3,613,419	-	606,838	97,219	7,571,426

Fair value of the PP&E exceeds book value, therefore no impairment loss was calculated. Real estates owned by ANY Ingatlanhasznosító Kft. are on the line Additions in 2016. UniCredit Bank Zrt. has EUR 6.500.000 mortgage right on the real estates, covering the risk of the loan of ANY Ingatlanhasznosító Kft. Asset increase was mainly due to machinery and equipment purchases in 2017.

All amounts in HUF thousands unless otherwise indicated.

8 Goodwill

	December 31, 2017	December 31, 2016
Cost	335,857	335,009
Goodwill	335,857	335,009

Cost

	December 31, 2017	December 31, 2016
Balance at beginning of year	335,009	335,009
Balance at end of year	335,857	335,009

Accumulated impairment losses

At the end of the year the Group examined goodwill's remunerative value and recognized that there was no need to account impairment losses on the goodwill.

All amounts in HUF thousands unless otherwise indicated.

9 Intangibles

	Research and development costs	Total intangibles
<i>Historical cost:</i>		
January 1, 2016	269,161	269,161
December 31, 2016	269,161	269,161
January 1, 2017	269,161	269,161
December 31, 2017	269,161	269,161
<i>Accumulated amortisation:</i>

December 31, 2016	219,095	219,095
January 1, 2017	219,095	219,095
Amortisation	13,488	13,488
December 31, 2017	232,583	232,583
<i>Net book value</i>		
January 1, 2016	80,434	80,434
December 31, 2016	50,066	50,066
December 31, 2017	36,578	36,578

All amounts in HUF thousands unless otherwise indicated.

10 Other payables and accruals

	December 31, 2017	December 31, 2016
Accrued management bonuses	269,930	360,527
Other accruals	653,007	256,825
<i>Of which: accrued creditors</i>	<i>448,488</i>	<i>113,921</i>
Social security	29,388	30,733
Salaries and wages	238,326	185,898
Advance payments from customers	219,300	24,440
Other short term liabilities	155,561	107,568
Other payables and accruals	1,565,412	965,991

	December 31, 2017	December 31, 2016
VAT	301,839	363,866
Personal income tax	59,109	68,852
Other taxes	158,866	260,244
Total current tax liabilities	519,814	692,962

Total current tax liabilities, other payables and accruals amounts to HUF 2,088 million, which increased by HUF 429 million (26%) compared to December 31, 2016, due to the higher balance of the current tax liabilities and accruals, liabilities connected to salaries and wages.

11 Short term and long term loans

	December 31, 2017	December 31, 2016
Bank overdraft of the Parent Company	2,946,317	835,529
Total overdrafts	2,946,317	835,529
Short term part of long term loan of subsidiaries	197,563	197,563
Other short term loans of subsidiaries	16,070	2,855
Total short term loans and overdrafts	3,159,950	1,035,947
Long term loan of subsidiary	1,445,016	1,632,839
Total investment loans and borrowings	1,445,016	1,632,839
Total loans and borrowings:	4,604,966	2,668,786

The carrying value of loans and overdrafts is fair value. The Group has overdraft limit (market interest rate, based on 1 month BUBOR) in value of HUF 5.2 billion from which the utilised amount at the end of 2017 is HUF 2,946 million. Amount of the long term loan taken during the purchase of ANY Ingatlanhasznosító Kft., that owns the real-estates was HUF 2,025 million, while HUF 1,630 million was the year-end balance, of which HUF 1,432 million was long term part and HUF 198 million was short term part. For further details about the loan please see Note 21 contingent liabilities.

All amounts in HUF thousands unless otherwise indicated.

12 Share capital

Share capital (at par value, in HUF thousands) authorized, issued and outstanding at year-end:

	December 31, 2017		December 31, 2016	
	Issued	Treasury	Issued	Treasury
Registered shares	1,449,876	43,683	1,449,876	43,683
Total	1,449,876	43,683	1,449,876	43,683

The number of shares issued by the Company is 14,794,650 of which par value is HUF 98 per share.

13 Treasury shares

Number of treasury shares held by the Company on 31st December 2017 is 448,842 which were purchased at an average price of HUF 1,014 per share.

14 Retained earnings, non-controlling interest

Retained earnings available for distribution are based on the unconsolidated financial statements of the Company prepared in accordance with IFRS and related Hungarian Accounting and Civil Law. The amount of the retained earnings in the Company's IFRS financial statement is HUF 3,400,079 thousands of which not distributable HUF 901,909 thousands. Retained earnings available for distribution is HUF 2,498,170 thousands.

Non-controlling interest is a part of the Shareholders' equity, which belongs to the owners of the subsidiaries other than the parent Company in the proportion of their ownership.

15 Net sales

Total	11,415	(272,167)

The customers' and inventories' impairment haven't been occurred in one company so the presentation of current years' impairment and impairment reversal on a net basis is not possible.

In line with IAS 12 Company reclassifies local income tax and innovation contribution to corporate tax P&L line from.

All amounts in HUF thousands unless otherwise indicated.

17 Cost of sales and selling general and administration costs

Breakdown of cost of sales and selling general and administration cost is the following:

	2017 (thHUF)	2016 (thHUF)
Material type expenditures	17,270,028	16,145,257
Personal type expenditures	5,957,398	5,601,147
Depreciation and amortization	1,069,743	1,007,693
Changes in inventory and own performance	(104,008)	(258,357)
Total cost and expenditures	24,143,161	22,495,740
Cost of sales	18,187,629	17,219,214
Selling general and administration	6,005,532	5,276,526
Total direct and indirect cost of sales	24,193,161	22,495,740

The average number of employees of the Group during the year was 888 (2016: 842).

18 Taxation

	December 31, 2017	December 31, 2016
Current year local business tax	179,905	189,369
Current year corporate income tax	169,402	212,832
Innovation contribution	2,872	3,269
Current year tax expense	352,179	405,470
Deferred tax (income) / expense	7,912	58,058
Total tax expense	360,091	463,528

Based on the decision of the Hungarian Parliament, 9% corporate tax rate has to be applied for the Hungarian companies from the calendar year of 2017. In case of the domestic subsidiaries we applied the new 9% corporate tax rate when calculating deferred tax. The tax liability of the foreign companies of the Group is taken into consideration with the effective tax legislation of their country of incorporation.

All amounts in HUF thousands unless otherwise indicated.

Under the tax legislation the Company is allowed to establish a tax-deductible development reserve. Assets acquired using this reserve then do not qualify for tax depreciation up to the value of the reserve. Therefore this is effectively a form of accelerated depreciation. Development reserves have been established based on the Company's current year and previous years pre-tax profit and a deferred tax liability has been recognized on the deferred tax effect of the accounting and tax depreciation difference of the assets. The Company decreased its deferred tax liabilities by the valuation difference for treasury shares based on the Hungarian Accounting Standards.

Tax losses can be carried forward up to the next years offset future taxable profits (until its 50%). Deferred tax assets relating to tax losses are netted off against deferred tax liabilities. The company raised deferred tax asset on write-off for bad debts in 2016.

ANY PLC and its subsidiaries are subject to periodic audits by the Hungarian Tax Authority (NAV). Since the application of tax laws and regulations may be susceptible to varying interpretations, amounts reported in the financial statements could be changed at a later date upon final determination by the tax authorities. In 2015 the Parent Company was subject to a comprehensive audit by NAV (National Tax and Customs Administration) for the years 2010, 2011 and 2012 to all kind of taxes. No material misstatement was explored by the Tax Authority.

In line with IAS 12 Company reclassifies local income tax and innovation contribution to corporate tax P&L line.

	December 31, 2017	December 31, 2016
Opening deferred tax liability	335,944	247,448
Deferred tax liability due to development reserve	4,498	(774)
Deferred tax on accounting and tax depreciation difference of assets not connected to development reserve	3,016	88,838
Deferred tax arising from treasury shares valuation	-	277
Deferred tax on residual value of financial lease assets	-	155
Closing deferred tax liability	343,458	335,944
	December 31, 2017	December 31, 2016
Opening deferred tax assets	33,823	4,159
Deferred tax asset on write-off for bad debts	(846)	(3,005)
Deferred tax asset on deferred yearly losses	(4,050)	32,669
Closing deferred tax assets	28,927	33,823
	December 31, 2017	December 31, 2016

Basic and diluted earnings per share:		
Basic (HUF per share)	79	84
Fully diluted (HUF per share)	79	84

All amounts in HUF thousands unless otherwise indicated.

21 Contingent liabilities

The Company has arranged bank guarantees. The guarantees largely relate to commitments under Government and corporate tenders. Guarantees are provided up to a maximum limit of HUF 1,190 million. The Company uses HUF 561 million from its guarantee limit which is connected to tenders.

Real estates of ANY Ingatlanhasznosító Kft. secured by mortgage in favour of Unicredit Bank Zrt. in the value of EUR 6,5 million, relating to this loan ANY Biztonsági Nyomda Nyrt. provided a guarantee to the Unicredit Bank Zrt. Furthermore ANY Biztonsági Nyomda Nyrt. provided a guarantee to the Unicredit Bank Zrt. in the value of EUR 2,5 million in connection with the credit line agreement for the treasury transaction of ANY Ingatlanhasznosító Kft.

The Company reclassified HUF 500 million to the restricted reserves in 2012, in 2013, in 2014, in 2015 and in 2016 to finance future capital expenditures, which has not been utilised yet. Corporate tax base was decreased by this amount in line with the relevant Hungarian regulations under the condition, that this amount will be spent for capital expenditures in the following six years, otherwise the deducted corporate tax has to be repaid to the Hungarian Tax Authority grossed up with its fines and interests.

22 Short term and long term part of lease liabilities

Short term and long term financial lease principal liabilities belong to parent company and foreign subsidiary lease contracts for machineries, of which short term part is HUF 323,518 thousands and long term part is HUF 376,385 thousands, due in the next years.

Financial lease liabilities (in HUF thousands)	31 December, 2017	31 December, 2016
Short term part (within 1 year)	323,518	264,267
Long term part (within 1-5 years)	376,385	515,231
Total	699,903	779,498

The book value of the leased assets is fair value. The estimated present value of the minimum lease payments equals to the book value of the lease liabilities. Fixed assets are the cover in Group's leasing transactions.

Operative lease

The Company leases some vehicles from third party company. Operative lease expenses were amounted to HUF 42,814 thousands in 2017. Related to these operative lease contracts the following future lease payments are expected:

Operative lease (thHUF)	In 1 year	1-5 years	Over 5 years
Vehicle lease	42,814	14,271	-
Total	42,814	14,271	-

All amounts in HUF thousands unless otherwise indicated.

23 Derivative financial liabilities

The Group hedged its variable interest long-term loan with an interest rate swap transaction that matures at the same time with the loan. The fair value of the interest rate swap was recognised as a derivative financial liability in value of HUF 87,214 thousands in 2017.

The fair value of the derivative financial liability was measured based on market prices without deducting transaction costs effective as at the date of the Statement of Financial Position. Based on IFRS 13 Fair value standard it is a Level 1 measurement.

The derivative financial liability derives from a cash-flow hedge related to the long term loan. The cash-flow hedge transaction contains an interest rate swap which covers the risk of variable HUF interest loan. The cash-flow of the variable interest loan equals to the cash-flow of the interest rate swap in each quarter until the maturity (until 2026), that means a 100% effective hedge accounting.

24 Related party transactions

Related party transactions	FY 2017 in HUF thousands	FY 2016 in HUF thousands
Balance of intercompany receivables and accrued assets eliminated	803,983	517,526
Balance of intercompany liabilities and accrued liabilities eliminated	801,946	517,525
Balance of intercompany revenues eliminated	841,920	1,490,099
Balance of intercompany expenditures eliminated	841,979	1,489,625

Related party transactions were made on terms equivalent to those that prevail in arm's length transactions. Through related party transactions mainly ANY Security Printing Company PLC (the Company) sells finished goods to the other members of the Group, who resell them to third party companies. Related party transactions also consist of short term intercompany loans and rental fee for machineries. The Company purchased management services from EG Capital in value of HUF 143 million in 2017.

All amounts in HUF thousands unless otherwise indicated.

25 Remuneration of the members of the Supervisory Board and the Board of Directors

HUF 9,912 thousands remuneration was paid to the Supervisory Board, while HUF 6,120 thousands to the Board of Directors in 2017.

The following table presents the beginning and the end of the assignment of the members of the Board of Directors, the members of the Supervisory Board and the senior officers. The number of shares hold in ANY Security Printing Company PLC is also presented as at 31 December 2017.

² Dr. Ákos Erdős controls ANY shares indirectly through EG Capital LLC and Fortunarum Kft.

³ Tamás Erdős controls ANY shares indirectly through Digital Forest LLC.

⁴ Dr. Istvánné Gömöri controls ANY shares indirectly through BELU S.A.R.L.

* Re-elected by the Annual General Meeting held on 31st March, 2014

** Gábor Zsámboki has been the deputy chairman of the Board of Directors since 11th August, 2014.

*** Number of shares shown above

26 EU subsidies

The Group has EU subsidy for purchasing special printing systems and developing workflow management and on-line sales portal as at 31 December 2017. The EU subsidy won in amount of HUF 70,980 thousands from which still accrued HUF 30,401 thousands. The initial cost of capital projects were HUF 128,785 thousands, that have a carrying amount of HUF 60,802 thousands as at 31 December 2017.

All amounts in HUF thousands unless otherwise indicated.

27 Risk management

Foreign currency risk

Among foreign currency transactions of the Group EURO based transactions are the most important ones. Foreign currency liabilities mainly occur from raw material purchases, which are hedged by the receivables from the export sales in foreign currency as a natural hedge. Due to the balance of foreign currency receivables and liabilities the foreign currency risk of the Group is moderate.

ANY Group	Currency	December 31, 2017	December 31, 2016
Foreign currency receivables	EUR	4,150,242	860,464
	BGN	945,609	1,292,170
	RON	33,691,963	31,364,708
	MDL	961,461	837,012
	DKK	44,839	-
	SEK	-	-
Total (in HUF thousands)		3,696,457	2,633,913
Foreign currency cash	EUR	458,589	298,788
	USD	8,167	4,579
	GBP	-	828
	BGN	1,588	1,454,527
	RON	1,723,050	6,201,369
	MDL	4,244,910	1,114,804
Total (in HUF thousands)		735,575	767,026
Foreign currency liabilities	EUR	1,819,189	1,339,712
	USD	18,689	-
	CHF	17,500	7,126

	MDL	503,979	540,848
Total (in HUF thousands)		1,999,849	1,953,369
Impact of a possible 1% foreign exchange rate decrease in each foreign currency (in HUF thousands)		December 31, 2017	December 31, 2016
Impact on foreign currency assets		44,320	34,009
Impact on foreign currency liabilities		(19,999)	(19,534)
Total impact of possible foreign exchange rate change		24,321	14,475

The fair value of the financial instruments equals the book value. The Group holds no financial assets held to maturity or available for sale.

All amounts in HUF thousands unless otherwise indicated.

Interest rate risk

Due to the moderate level of debts in the Group potential interest rate changes would not influence significantly the amount of interests to be paid by the Group. Based on the balance of Credits of the Group, a potential interest rate increase of 100 basis points relevant to our credits would increase our interest expenses by approximately HUF 46,084 thousands in the year 2017. (This was HUF 26,688 thousands in the year 2016.)

Liquidity risk

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecasts and actual cash-flows and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk of the Group, due to the high balance of net working capital, is low.

The maturity of trade payables, lease liabilities and credits is shown in the next table:

ANY Group FY 2017	In 1 month	1 - 3 months	3 months - 1 year	1 - 5 years	Over 5 years	Total:

Total	3,542,248	362,459	1,519,146	2,150,715	-	7,574,568

All amounts in HUF thousands unless otherwise indicated.

Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties, and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. Trade receivables consist of a large number of costumers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The financial discipline of the debtors of the Group is really good, which is also represented by the low portion of cumulated provision on trade receivables compared to the gross amount of trade receivables: 0.12%. (This was 0.39% in 2016.) The more than 90 days overdue receivables out of total aged receivables of the Group is 2%.

28 Significant events after the reporting period

The Consolidated Financial Statements were accepted by the Board of Directors of ANY Nyrt. on 5th March, 2018. The Board of Directors proposes HUF 79 dividend per share to the shareholders on the annual general meeting to be held in April 2018.

Budapest, 5th March 2018

.....

Chief Executive Officer

ANY Security Printing Company Public Limited Company by Shares

**Consolidated business report
for the year ended 31 December, 2017**

Analysis of the Group's performance in FY 2017

Net sales of ANY Group for 2017 amounted to HUF 26.2 billion which is higher by HUF 1.3 billion (5%) than in the previous year. Changes in case of strategic product segments were as follows: sales of security products, solutions amounted to HUF 6.5 billion, which is lower by HUF 0.2 billion (3%) compared to the basis year; sales of card production, personalisation amounted to HUF 7.6 billion, which shows an increase by HUF 1.7 billion (29%) compared to last year, whilst sales of segment of form production, personalisation, data processing were HUF 10.3 billion, which shows a decrease of HUF 0.5 billion (4%) compared to year 2016. Ratio of strategic products segments in total net sales was 93% in 2017.

Export sales of the Group reached HUF 11.1 billion in 2017, which shows a HUF 1.9 billion (21%) increase compared to the previous year representing a 43% export sales ratio.

Consolidated EBITDA is HUF 2,885 million, a decrease of HUF 93 million (3%) compared to 2016 base period.

Consolidated operating income is HUF 1,815 million, which is HUF 154 million (8%) lower than the profit for the base period. Consolidated net income after interest income, taxation and non-controlling interest is HUF 1,134 million, which shows a decrease of HUF 68 million (3%) compared to 2016.

Earnings per share are HUF 79 in 2017.

Income statement analysis

The breakdown of net sales by segment is presented in the table below:

1. Table: Net sales by segments

Sales segments	2016 HUF millions	2017 HUF millions	Change (B-A)	Change % (B/A-1)
Security products and solutions	6,680	6,500	(180)	(2,69%)
Card production and personalization	5,937	7,652	1,715	28,89%
Form production and personalization, data processing	10,715	10,253	(462)	(4,31%)
Traditional printing products	1,143	1,288	145	12,69%
Other	436	488	52	11,93%
Total net sales	24,911	26,181	1,270	5,10%

ANY Group had consolidated net sales of HUF 26,181 million in 2017, which is HUF 1,270 million (5%) lower than the sales for the base period.

Sales of **security products and solutions** came to HUF 6,500 million in 2016 which means a decrease of HUF 180 million (3%) compared to the base period.

The Group's revenues from **card production and personalisation** totalled HUF 7,652 million in the period of reference, a HUF 1,715 million (29%) increase compared to year 2016. The growth of the segment was caused mainly by the higher sale of card document.

The Group's revenues from **form production, personalisation and data processing** came to HUF 10,253 million in 2017, a HUF 462 million lower than the sales for the base period. Missing sales revenue from last year's referendum causes the decrease, which could be partly compensated by export sales increase.

Sales of **traditional printing products** amounted to HUF 1,288 million in the period of reference, which means a HUF 145 million (13%) increase compared to the previous year's similar period.

Other sales totalled HUF 482 million in 2017, which is an increase of HUF 52 million (12%). This segment mainly comprises revenues from the sale of commercial materials and goods.

Operating income came to HUF 1,995 million, a increase of HUF 25 million compared to the previous year.

Gross profit totalled HUF 7,993 million, which means a 31% gross margin. General (SG&A) expenses amounted to HUF 6,006 million in 2017, which equals 23% of net sales. Material expenses increased by HUF 1,125 million (7%) in the reference period, due to the higher net sales.

The capitalized value of own performance line shows the capitalized value of assets produced and the change in inventories manufactured. These figures were driven mainly by the change in inventories in both periods presented; the most significant of them is the value of unfinished production connected with security and card products.

Personnel expenses totalled HUF 5,914 million, which is 6% higher than in the base period.

EBITDA amounted to HUF 2,851 million due to the change in operating income and depreciation, which is a decrease of HUF 92 million (3%). EBITDA margin amounts to 11%.

Net interest income amounted to -93 million HUF in 2017. Net income – after financial operations, taxation and minority interest – came to HUF 1,134 million in 2017.

Earnings per share are HUF 79.

Balance sheet analysis

The Group had total assets of HUF 17,673 million on 31 December, 2017, which increased significantly by HUF 2,299 million compared to the previous year-end.

Receivables amounted to HUF 4,659 million which represents a HUF 1213 million (35%) increase compared to the 2016 year-end figure due to sales increased.

Cash and bank totalled HUF 867 million which represents a HUF 1 million increase compared to the 2016 year-end figure.

Inventories totalled HUF 2,804 million, which is a HUF 660 million (31%) increase compared to the 31 December 2016 figure.

Other current assets and prepayments amounted to HUF 1,395 million, which is a HUF 96 million increase, compared to the prior year-end figure.

The balance of property, plant and equipment at the end of December 2017 was HUF 7,571 million, an increase of 5% compared to the end of 2016.

Goodwill amounted to HUF 336 million, which is a HUF 1 million increase as at the end of previous year.

Accounts payable totalled HUF 2,659 million, HUF 191 million (8%) higher compared to the end of December 2016. The reasons of the change were the decreasing supplier balance and creditor invoices arriving after the balance sheet preparation date which were posted as other liabilities.

Other payables and accruals amounted to HUF 2,085 million, which is an increase by HUF 426 million, due to mainly late creditor invoices mentioned previously.

Lease liability relating to the purchase of fixed assets HUF 700 million, from which HUF 376 million long-term part, HUF 324 million short-term liability. Due to the technological improvements lease liability increased by HUF 78 million.

Long-term loan amount HUF 1,630 million, from which HUF 1,432 million long-term part, HUF 198 million short-term liability.

The Group's operation was financed by short term loans which reached HUF 3,160 million on 31 December, 2017.

Risk management

Foreign currency risk

Among foreign currency transactions of the Group EURO based transactions are the most important ones. Foreign currency liabilities mainly occur from raw material purchases, which are hedged by the receivables from the export sales in foreign currency as a natural hedge. The balance of foreign currency receivables and liabilities are almost the same within the Group, therefore the foreign currency risk of the Group is not significant.

Interest rate risk

Due to the moderate level of debts in the Group, potential interest rate changes would not influence significantly the amount of interests to be paid by the Group. Based on the balance of Credits of the Group, a potential interest rate increase of 100 basis points relevant to our credits would increase our interest expenses by approximately HUF 46,092 thousands in the year 2017. (This was HUF 26,688 thousands in the year 2016.)

Liquidity risk

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecasts and actual cash-flows and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk of the Group, due to the high balance of net working capital, is low.

Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties, and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. Trade receivables consist of a large number of costumers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The financial discipline of the debtors of the Group is really good, which is also represented by the low portion of cumulated provision on trade receivables compared to the gross amount of trade receivables: 1.21%. (This was 1.36% in 2016.) The more than 90 days overdue receivables out of total aged receivables of the Group is 2%.

Supplementary information for the business report of ANY Group

The Company's employment policy

ANY Group places high priority on keeping labour law, labour safety, employment, tax and social insurance regulations connected to working. The Group considers the employees' continuous training and education as of strategic importance in order to ensure the renewal of professional knowledge within the Group and the adaptability of employees. ANY Group gives wide scale of social benefits to its employees, helping to create the balance between private life and the workplace. The principles of benefits and wages are set out in the Collective Agreement. Besides keeping the regulations, the Group is trying to create a workplace with proper working relations, taking the family obligations into consideration which increases the Group's profitability on the long term as well.

Environment protection

The parent company has ISO 14000:2005 Environmental Control System certificate audited by Det-Norske Veritas. The expiry date of the certification is January 10, 2019. The environmental certificate covers the following fields: printed products, security products, documents, development, production and personalization of plastic cards and bankcards. Research and development and production of security materials. Electronic reprocessing and delivering of printed forms. Chip embedding and encoding at smart cards. Research and development of traditional/general and mobile information technology solutions, operation and support of connected services. Electronic archiving of data, data processing, database management, setting up archives, storing of documents for fee.

Dangerous waste is continuously eliminated after leaving the company sites. In 2017, 23,096 kg dangerous waste was transported and eliminated. The parent company has been awarded Green Printing House Award for six consecutive years this year.

Research and development

The parent company has two significant R&D areas:

1, R&D projects included in the activity of the Document Security Laboratory. The nanotechnology project has a key importance in this area. Using nanotechnology in security inks may contribute to drawing back forgeries and the fight against black economy.

2, The development of products has a significant role related to new tenders.

The direct cost of basic research, applied research and experimental development incurred in the current year is HUF 54 million.

Significant events after the reporting period

The Consolidated Financial Statements were accepted by the Board of Directors of ANY Group on 5th March, 2018.

Treasury shares in FY2017

2. Table: Treasury shares

Description	Number of shares	Nominal value (HUF thousands)	Purchase value (HUF thousands)
Opening balance as at 1 January, 2017	448,842	43,987	455,048
Closing balance as at 31 December, 2017	448,842	43,987	455,048

Number of treasury shares held by the Group on 31st December 2017 is 448,842 which were purchased at an average price of HUF 1,014 per share.

The Group's total share equity was HUF 1,449,876 thousands on 31 December 2017 which consists of 14,794,650 pieces of series 'A' registered, dematerialized ordinary shares with a nominal value of HUF 98 each.
