

1 billion HUF in new orders from seven European countries

Budapest, September 6, 2011 – **State Printing House won the tender for the production of security printing forms in the value of 1 billion HUF. The Sodexo meal vouchers will be delivered by the Corporation from Germany to Bulgaria till 2013.**

Similarly to the past years, State Printing House Plc will produce meal vouchers for Sodexo also in the next two years and the related contract covers this time two new countries as well. According to the new contract, hundreds of millions of forms equipped with many security elements will be delivered by the Printing House to Austria, Germany, Poland, Bulgaria, Czech Republic and Slovakia besides Hungary. The total value of the tenders which was won at Sodexo Pass International seated in France amounts to 810 million HUF.

The increased capacity requirements stipulated in the contracts covering great part of Central and Eastern Europe can be met in full by the Müller Martini Concepta printing machine that was put into operation in the Printing House in May 2011. State Printing House won two other tenders for form production in Slovakia as well. Slovak Direct, the Slovakian subsidiary of the Corporation delivers on the one hand meal vouchers in the value of 65 million HUF, and on the other hand, it produces culture vouchers in the value of 130 million HUF to the Ministry of Culture in Slovakia.

'The investments of the past period proved to be good decisions. Our form printing capacity and the quality of our goods are absolutely reckoned among the leading ones in Europe, which was recognized by the newly won contracts concerning Central and Western Europe.' – declared **Gábor Zsámboki, CEO of State Printing House.**
