Expected dividend payment date is: 15<sup>th</sup> May 2013.

*'Similar to the previous year, the Board of Directors proposed HUF 43 dividend per share to be paid out again. It proves the stability of the Company, that the operation and the planned mobile- and document security development programme can also be financed without loans and credits at that certain level of dividend. I hope that we can add shareholder value not only by dividend payment, but through our developments and by increasing competitiveness as well.'*
