

Sustained efficiency at ANY Security Printing Company

17 May, 2019 - **In the first three months of 2019 sales revenue of ANY Security Company amounted to HUF 7.4 billion, while the consolidated net result of the period has closed with HUF 315 million**

In the first three months of 2019 ANY Security Company reached sales revenue in the amount of HUF 7.4 billion, decreased by 4% compared to the similar period of the previous year. Export sales revenue was HUF 2.6 billion, with an increase of HUF 34 million, compared to the corresponding period of the preceding year, thus export ratio is 35%. EBITDA increased by HUF 8 million in comparison with the previous period, it amounted to HUF 755 million. Net profit reached HUF 315 million, which means a decrease of HUF 3 million (1%) compared to the similar period of the previous year.

„Due to our research and development activities, and to the investments made in the previous period, which properly increased efficiency and quality, the Company’s domestic net sales revenue is stable. Our high-quality and value added products are more and more approved by the clients, synchronously with the Company’s prestige, which is continuously developing in the export market, proved by the Company’s market expansions and the considerable number of ongoing projects. The construction of the new building is going according to sound plans, which facilitates the capacity expansion necessary for further development.” – commented **Gábor Zsámboki, CEO of ANY Security Printing Company PLC.**
