Operations in the first quarter of 2020 were already affected by the epidemic, which is also reflected in the lower base period figures. Despite the decreased number of orders during the epidemic, the Company has not reduced the number of its employees and our colleagues remain loyal to us. This has allowed us to meet increased production and delivery demands in 2021. The sales revenue of ANY Security Printing Company in the first quarter of 2021 was HUF 9.6 billion, which is 38% higher than in the same period of the previous year. Exports amounted to HUF 4.3 billion, which is HUF 1.3 billion higher than in the first three months of last year, representing 45% export ratio. Consolidated EBITDA was HUF 1,295 million, HUF 511 million higher than in the first quarter of 2020. Net profit was HUF 468 million, representing an increase of HUF 176 million, or 60% compared to the same period last year.

*“We will not only survive the crisis, but we will emerge stronger from it. – We started the evaluation with these words last year, and this statement is even more true now than ever before. To the best of my knowledge, not a single person at our Company is infected by the coronavirus today. The figures of the first quarter are a worthy reflection of our colleagues’ efforts, their outstanding performance, which is unbroken even in the epidemic situation. Since the first quarter of 2020 our export activity has been strengthened, the number of projects almost doubled. Our outstanding professional and technological skills are essential to serve an ever-expanding foreign market, and to produce and personalise immunity certificates in large quantities and in a short period of time. Continuous developments coupled with excellent expertise allow us growth in both the domestic and international markets. We hope that increasing vaccination coverage will ensure a return to normal life and economic recovery both in domestic and in export markets at the same time” – commented **Mr. Gábor ZSÁMBOKI, CEO of ANY Security Printing Company PLC on the first quarter report.***
