"I am proud of the ANY Team that after a very difficult year in 2020, we managed to compensate the backlog caused by the epidemic and achieve dynamic growth in 2021. Behind this extraordinary performance are the excellent colleagues of the Company and of its subsidiaries.

The main factors behind the growth are: the return of document orders cancelled due to the epidemic, the production of immunity certificates, high value-added export projects as a result of serious preparations and the sale of a 50% stake in our Bulgarian subsidiary.

At the end of last year, our majority-owned subsidiary, Zipper Services acquired Atlas, further strengthening our market position in Romania in the field of printing and personalisation. We have realized significant technological improvements and capacity expansion at the Kner Printing House in Gyomaendrőd and in Budapest, which guarantees to meet the growing market demands with the best possible quality.

The steps taken will help the Printing Company achieve its long-term strategic goals, ensuring even more efficient operations.” – added **Gábor Zsámboki, CEO of ANY Security Printing Company.**
