

The Printing House reported a solid half-year performance

19th August 2025. - The net revenue of ANY Security Printing Company PLC for the first half of 2025 is HUF 38.7 billion, of which 24.8 originated from export sales.

HUF 30.4 billion – representing 79% of total revenue – was generated from the sales of two strategic product segments: security products and solutions, and card production and personalisation. This is HUF 3.2 billion higher than in the first half of 2024. Export revenue exceeded the figure for the same period of the previous year by HUF 7.6 billion. Consolidated EBITDA amounted to HUF 8550 million, while operating profit was HUF 7313 million.

"We continued to perform successfully in export markets in the second quarter as well, maintaining the high export sales ratio, which stood at 64% in the first half of 2025. Our ongoing production technology developments enable more efficient operations and the flexible fulfilment of capacity requirements. In addition, we place particular emphasis on the development of hybrid and digital solutions, which, at all our subsidiaries, contribute to the further expansion of our product and service portfolio." – added to the Company's half-year report for 2025 **Gábor Zsámboki**, CEO of ANY Security Printing Company PLC.
